The Oaks Primary School

Greeting

Good Morning,

As we move through the spring term the UK is an ever changing landscape. As you will all be aware Coronavirus continues to be the main headline in the news. I wanted to assure you that we have a plan to keep learning going in the event of a school closure. Class teachers have been busy preparing home packs of work and we will also be publishing daily tasks for children on our school website and via text message should the eventuality of a school closure arise.

In terms of supporting our vulnerable families in the event of a school closure, we are having a collection of any non-perishable food items that you may be able to donate. These will be stored in school and distributed to families if and when a closure occurs.

In the meantime we will carry on with school life and the many exciting things that are planned. Thank you to all of our families that supported us at our Science Fair and also those that took part in our STEM Boat Competition. If you have not seen it yet, please check out a snap shot from our Science assembly on Twitter. More videos will be uploaded over the next week.

Mrs L Roberts

Coronavirus advice - Public Health England

You will be aware that Public Health England have published new advice for anyone with a new continuous cough or high temperature to stay at home for 7 days. If your child has these symptoms, however mild, please keep them at home. This will help protect others in your community whilst they are infectious. Please plan ahead and ask others for help so that your child can stay at home. Please see the Public Health England website for more information: Here is the latest link. <https://www.gov.uk/government/publications/covid-19-stay-at-home-guidance/stay-at-home-guidance-for-people-with-confirmed-or-possible-coronavirus-covid-19-infection>

**Wash your hands at
regular intervals for at
least 20 seconds**
