

How To Find Our Classroom Door

When you drop your child off, you must bring them round to the classroom door where the team will be waiting to greet you. This is also where you will collect your child at the end of the day. Below are some pictures to help you find your way round to the classroom door from the pedestrian entrance.

Please enter the school using this main pedestrian gate from Rochester Drive. Colin, our school caretaker will be waiting on this gate each morning.

Continue walking through the next large metal gate onto the main school playground.

Walk along the main playground following the red metal barriers of the football pitch to reach the other side of the playground.

Turn right and walk alongside the school building towards a small green gate. You are now in the Reception outdoor area. Our classroom door is the second on the right. We will all be there waiting to greet you and your children.

There will be lots of members of staff on the playground to help in September so please feel free to ask any of them if you need support finding the correct classroom.
