

Maths

During Autumn Two we will be focusing on **place value and the 4 main operations**. We will be using this time to build on our knowledge of the Year 4 maths curriculum as well as closing any gaps in learning. We will continue to use a concrete, pictorial and abstract approach to lessons to support the children understanding. We will be work hard on our problem solving and reasoning skills. The children will have access to TTRockstar to support home learning and their basic fluency. We will be accessing DoodleMaths daily as well as journaling.

English

In our writing we will be using the vehicle text '**Leaf**' by Sandra Dieckmann. It is a heart-warming story about helping outsiders that highlights the plight of polar bears in today's changing climate. We will be building on our work round paragraphs and organising ideas around a theme. This unit will also look at noun phrases and expanding and modifying them using prepositional phrases.

Later in the term, we will focus on the purpose, structure and language features of a non-chronological report. This will lead on to the children writing their own reports about an animal.

Music

The children will be continuing with their African drumming lessons and have a performance scheduled!

**Year 4
Cedar Class
Autumn Two 2021-2022
Mrs Price**

Science

In science we will be learning about human and how they impact animal's habitats. This will link with some geography too as we talk about climates. The children will recognise that environments can change and that this can sometimes pose dangers to living things. This will link in with food chains.

Geography and History

Our big question this term is based around science however we will be talking about geography in our science lessons as we look further at habitats and different climates.

Please keep a look out on Twitter for updates on what we have been up to.

Religious Studies

We will look at the big question '**Christianity - Why do Christians think about incarnation at Christmas?**'

Physical Education

During our PE lessons will be looking at gymnastics. PE is on a Monday afternoon and on Wednesday before lunch. Children can come to school in their PE kit.
